Dr. L. Fekes

November 9/71

Munich 22, Germany

from MEIGARDS

8 December 1960

Dear Alfred Immendorf,

As usual I am writing in the German language to ease pain.

Because my not having written until now, but the first words are
always full of confusion and rousing events.

How are things with you and the family? I hope your head is
again OK?

Things are good with me. The stupid (his German wife) Americans
clearly comprehend, I hope, that I am no Soviet spy. That was
really a startling move.

My new job is like something out of the tale of "A Thousand and
One Nights". I'm writing to you directly I'll inform Club later on
please do me a favor and keep it to yourself and handle it as "strictly
confidential". They talk a lot in Munich.

I'm working as publicly men in a ship supply company. On the
job of January I'll take a trip to Barcelona, the Dominican Republic,
Virginia Islands (USA), Jamaica, Curaçao, Barbados, St. Kitts, and Martinique.

After that, around the whole world in 77 days.

First Mexico, then the Indians, Mexico, Haiti, Alexandria, Port
Said, Suez, Aden, Bombay, Calcutta, Singapore, Hong Kong, Tokyo, Yokohama,
Manila, Los Angeles, Angeles, Panama and New York.

Fekes has given me an unexpected unique opportunity. Besides a
good salary, I get a first-class cabin with both when available and
there is \$15 in drinks for purposes of representation. Head that
and he seemed for a week. If God is willing, I'll save enough in
order to come back to Europe and to my kids in May, along to my friends
in Munich, then I will definitively initiate a new pattern in my
personal life.

If I can do anything for you, write immediately. In any case I'll be making only short stops everywhere.

My morale is not too good—the yearning is very bad, just as you predicted to me, I think a lot about you, the hours spent together, the talks and the interesting conversations in which I have learned so much from you.

Here it is the same as always. New York is dirty, noisy, full of people. This metropolitan jam director and more uncomfortable all the time. There is a great deal of unemployment although the prices keep rising, and it is also quite cold already—I long for the Caribbean Sea and the sun.

And what's new in Mexico? The New York Times circulation newspaper New York Daily News has just published a piece on Radio Liberation.

With cordial greetings to you and your family and also Ruth.

P.S. Reports also to Slab and Winters.
